

Drop Camp list “What to bring”

Drop camp hunters are limited to 40lbs of personal gear. This does not include your Rifle or Bow, or your sleeping bag. The personal gear must be contained in ONE bag. A duffle bag works best. Back packs and fanny packs full of items need to be stored in the personal gear bag and IS part of your 40 lbs. Due to the steepness of the terrain we do not allow any riders to carry backpacks or stow items in saddles bags. Your rifles will be carried in scabbards which we provide. If you are bringing archery equipment..... You may keep your bows in a hard sided case and it will be packed separately on a pack horse. We are not responsible for bows not packed in a hard case. Here's a list of items that you may want to bring with you. To cut down on the weight, you should get together with your hunting party and eliminate bringing duplicate items. You will not need to bring any items for the actual camp. We have everything you will need to comfortably camp. If you have any questions about what we have specifically, please call me. I'm sure we have it, or would be happy to provide it for you. We do have coolers up at the camp to transfer your food items into, however, if you want to pack your own coolers, please make sure they will fit into a standard soft sided pannier.

Hunting Needs:

License & Conservation STAMP. For elk hunters, you will also need a “feed stamp”.

Rifle or archery equipment

Bullets

Sleeping Bag
